Session 3: Difference

Open MIS-Understandings

Debate Series to promote interdisciplinary exchange on central concepts of migration research

The next 'Open MIS-Understanding' session will be dedicated to the notion of difference. Although of crucial importance for cultural and social studies, the concept of difference and its diverse and shifting understandings in various scholarly fields are rarely systematically discussed. A conceptual reflection seems particularly important with regard to migration related research and public debate.

SPEAKERS AND DISCUSSANTS

Dr. Till Dembeck,

Associate professor in German Literature and Multilingual Philology

Dr. Elke Murdock,

Research Scientist in Developmental and Cross-Cultural Psychology

«Open MIS-Understandings» aims to make explicit and discuss critically conceptual and methodological foundations and understandings from different disciplinary perspectives in interdisciplinary collaborations.
